Message from the Superintendent-Director

On behalf of the Faculty, Administration, and School Committee, congratulations on completing your High School years at Bay Path Regional Vocational Technical High School. The education you received should serve you well in the future. Please remember, there is no substitute for hard work and dedication. Your future success will depend on your willingness to apply all that you have learned.

Although most of you have been at Bay Path for four years, please do not consider this a short time as your last year spent in formal education. Many of you must realize you have an abundance of talent which could be further developed to maximize your full potential. Consider continuing in education beyond Bay Path on a full or part time basis at a local college or four year institution.

As a vocational graduate you have the best of two worlds, a vocational skill and an academic diploma which will enable you to grow within your vocational area or profession. Society will depend upon your skill as a vocational technical graduate. Participate in community activities and take an active role in society.

Once again, congratulations and best wishes for future success!

Steven E. Mendes

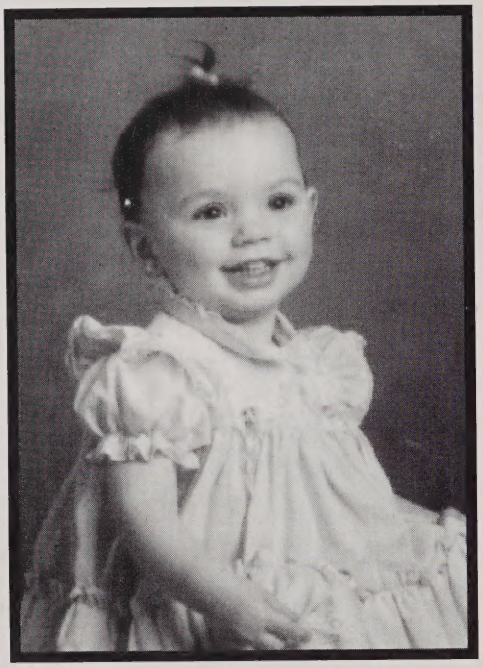
To Kristy



The first time we saw those beautiful blue eyes and that sweet round face, you were four months old. It seems that was only a day ago.

We watched you take your first steps, go off to school for the first time. Then you learned to swim, water ski, ice skate, and ride a bike. All the things little girls do.

All to quickly you were in High School. You did a lot of fun things like cheerleading, and proms, making new friends, but most important of all you were learning to become your own person. Now we can only watch with love and pride as the young woman with the beautiful blue eyes walks to the stage to receive her diploma.

All of our love, then, now and always, Pappa and Libby

Residential and commercial septic tanks, cesspools, grease traps and pumping, trucking and disposal of non-hazardous liquid waste

Septic System Maintenance

Cesspools and septic systems have been known, with proper maintenance, to perform effectively for many years. The accumulated solids in the septic tank or cesspool should be pumped out to prolong the life of your system.

Your on-site disposal system is just as important to you as your furnance. A new system of any type, or repairs to the old one is costly. Cost variations is due to the type of failure, soil conditiones, water table and lot size. Proper maintenance is the least expensive method.

Raymond,

On the day you were born we held you close and felt your tiny body warm against our own. we looked and looked at you as you slept... we felt as if our eyes couldn't hold enough of you. then, you looked into our eyes with trust and innocence... and we locked hearts. we knew you were a very special person, and every day since then has been one grand, beautiful adventure of learning... loving ... and knowing you!

To look back and recall the special happiness you've brought since you were very small, and though the years bring changes, there's one thing they'll never do and that's to change the loving pride in every thought of you.

We're so very thankful to have you as our child. you've been the kind of son parents dream of. whenever we indulge ourselves in memories of times from the past, we experience, again, the pleasures only parents know.. the quiet times, the hugs, the celebrations, the love and pride and countless treasured memories.. priceless gifts of having a beautiful son like you. Always remember you hold the special gifts within you, you're the treasure.

We love you so much and we're so proud of the man you have become.

Mom and Dad XXXXOOOOO

I'll always remember our goofy times and the closeness we share. I love you big bro and I'll miss you! Alisha XXXOOO

I was there when you were born and I saw you grow up. Always know I'm here for you now when you need me most.
Good luck in your future endeavors.
I love you always, your big sister Renee.

Good luck in the future Raymond.
you're a great brother and uncle,
Love, your big brother, Jason
